

Liberty Wings

November 2026 News

Greetings fellow riders, hope this change in weather has been as good for you as it has been for us. It was great to see the temperature finally dip down. I Would like to start off by saying thanks to everyone who attended Wings on the Farm at Dallas and Linda Petty's new house. It was a great day with good weather enjoyed by everyone. Next we would like to thank Gail and Robert Brown for arranging our weekend trip to Lynchburg, TN and opening their new home to us for Halloween, thank you very much for everything you do for this chapter family.

November rides are set and hopefully we will have some weather to ride, updates will be sent out each week so please stay tuned to your emails and face book. At the end of the month Kay and Scott Nelson have invited us to again watch the Alabama/Auburn game on Scott's humongous television. Thanks so much for opening your home up to the chapter. Mrs. Kay has asked that we bring some drinks please. The first Saturday in December will be our annual ride to the Eldridge children's home to support that worthy cause. We will also be supporting Blake's Brigade this year, currently we are taking up donation if you would like to contribute please see Jenifer Grey or Sarah and they will be glad to help you with that. The very next Saturday December the 12th will be our annual chapter Christmas party at the Mt. Olive community center at 2684 Mt. olive Road Mt Olive, Al. 35117 from 4 to 8 pm. The chapter will be providing the meal but are asking everyone to bring an appetizer or dessert and also your favorite drink. We will be playing dirty Santa and we ask that you limit your gifts to 20 or less please. There will be no meeting in December because we will be having the Christmas party in its place.

As this Holiday season is upon us please remember to be safe out there and cherish your time with family and friends.

Philip & Sarah Keeton Teasley

*Wishing you thrilling rides and the freedom of the open road!
May every journey bring you joy and unforgettable memories.*

"The democracy will cease to exist when you take away from those who are willing to work and give to those who would not." - Thomas Jefferson

Veterans Day – Honoring Those Who Served

Freedom Isn't Free, and Our Veterans Are Living Proof!

Every November 11th, Americans pause to recognize and honor the brave men and women who have worn the uniform of our United States Armed Forces. Veterans Day is more than just another holiday on the calendar. It is an opportunity to express our heartfelt gratitude to those who answered the call to serve our nation. Whether they served during wartime or peacetime, at home or on foreign soil, our veterans made a commitment to defend our country, protect our freedoms, and stand ready when duty called. Many spent long months or years away from their families, missed important milestones, and endured hardships that most of us will never fully understand. Some returned home carrying wounds, both visible and invisible, that remain with them throughout their lives.

As Americans, we should celebrate Veterans Day because the freedoms and opportunities we enjoy today have been safeguarded by generations of dedicated service members. From the battlefields of World War II, Korea, and Vietnam to the deserts of the Middle East and countless military assignments around the world, our veterans have demonstrated courage, sacrifice, loyalty, and an unwavering sense of duty. Their service reminds us that freedom should never be taken for granted. Veterans Day is also a time to remember that behind every veteran is often a family that has made sacrifices of its own, enduring separations, uncertainty, and the challenges of military life.

This Veterans Day, take a moment to shake a veteran's hand, offer a sincere "Thank you for your service," attend a local ceremony, or simply listen to a veteran's story. Most importantly, let us remember that honoring our veterans should not be limited to just one day each year. We owe them our respect, appreciation, and support every day. **To all our veterans, past and present, we thank you for your courage, your sacrifices, and your service to this great nation. May God bless our veterans, their families, and the United States of America!**

Happy Veterans Day – November 11th!

HONORING OUR VETERANS – GOD BLESS AMERICA!

One Nation Under God, One Flag, and Forever Grateful to Those Who Served!

This Veterans Day, please join us as we proudly salute the brave men and women who answered our nation's call to duty. Their courage, dedication, and sacrifice have helped preserve the freedoms we cherish as Americans. From generation to generation, our veterans have stood tall in defense of our great nation, and we owe them a debt of gratitude that can never truly be repaid.

While we honor **ALL American veterans**, we want to extend a very special salute to the patriots within our own **EWMA Alabama Chapter Y family** who proudly wore the uniform of the United States Armed Forces:

Bill Barden	James Pepper Loveless	Dewey Turner
Russ Christie	Scott Nelson	
Clyde Herring	Don Phillips	

To these gentlemen and every American veteran, **WE SALUTE YOU!** Thank you for your service, your sacrifices, and your willingness to stand in harm's way so that others might live in freedom. May we never forget that the American flag flies proudly because generations of courageous Americans have answered the call to defend it.

GOD BLESS OUR VETERANS!

GOD BLESS OUR TROOPS!

AND GOD BLESS THE UNITED STATES OF AMERICA!

Land of the Free, Because of the Brave!

Winter Is Coming! Is Your Motorcycle Ready?

Don't let Old Man Winter catch your ride unprepared!

As cooler weather approaches and riding season slows down, it's time to give your motorcycle a little TLC before winter sets in. Start by giving your bike a thorough wash and dry to remove dirt, bugs, and road grime. Check your tires for wear and proper inflation lubricate the chain if your bike has one, and inspect the brakes, cables, and fluid levels. If your motorcycle is due for an oil change, now is a great time to take care of it. Fresh oil helps prevent contaminants from sitting inside your engine during extended storage.

If your motorcycle will be parked for several weeks or months, add a quality fuel stabilizer to fresh gasoline, following the manufacturer's instructions, and run the engine long enough to circulate the treated fuel. Connect your battery to a motorcycle-compatible smart maintainer to keep it charged. Check the coolant's freeze protection if your bike is liquid-cooled, and consider covering the exhaust openings to discourage unwanted critters from moving in. Just remember to remove those covers before starting the engine!

Finally, store your motorcycle in a dry, protected location, preferably under a breathable motorcycle cover. Follow your owner's manual for any model-specific storage procedures. If you're fortunate enough to enjoy some beautiful winter riding days here in Alabama, keep your bike ready to roll by checking tire pressures, battery condition, and road conditions before heading out. **A little winter maintenance now means less frustration and more riding when spring arrives!**

Remember: Motorcycles don't hibernate because they're tired. They're just dreaming about the next great ride!

At the zoo I noticed a slice of toast in one of the enclosures.
I asked the keeper, "How did that toast get into the cage?"
"It was bread in captivity," she replied.

A new medical kit has come out for passive-aggressive nurses to give to their patients. It's known as Suture-Self.

Veterans Day: Honoring Those Who Served Our Great Nation

Every November 11th, Americans come together to celebrate Veterans Day, a day set aside to honor the brave men and women who have proudly worn the uniform of the United States Armed Forces. From the battlefields of generations past to the military installations and missions of today, our veterans have answered the call to serve a nation founded on liberty, freedom, and opportunity. Their courage, dedication, and willingness to sacrifice remind us that the freedoms we enjoy as Americans have never come without a price. Veterans Day is more than a holiday on the calendar; it is an opportunity for a grateful nation to recognize those who have stood ready to defend our country and the principles upon which it was built.

We should celebrate Veterans Day because our veterans have given so much of themselves in service to others. Many have spent long months or years away from their families, endured dangerous conditions, and faced hardships that most Americans will never experience. Some returned home carrying wounds that cannot be seen, while others returned with memories of comrades who made the ultimate sacrifice. Whether they served during wartime or peacetime, at home or overseas, every veteran made a commitment to place duty, honor, and country above personal comfort. Their service deserves our lasting gratitude, respect, and recognition.

As proud Americans, we have a responsibility to ensure that our veterans are never forgotten. We can honor them by flying the American flag, attending Veterans Day ceremonies, listening to their stories, supporting veteran organizations, and simply taking the time to say, **"Thank you for your service."** Most importantly, we can honor their sacrifices by appreciating the freedoms they helped protect and passing that appreciation on to future generations. On this Veterans Day, let us stand together as one grateful nation, united in respect for our veterans and proud of the red, white, and blue. **May God bless our veterans, their families, and the United States of America!**

Wings On The Farm 10-3-2026

Regular naps prevent old age....especially if you take them while driving!

Monthly Meeting October 13, 2026

I was going to tell a joke about time travel, but you didn't like it.

In 1972, Joe Miller was on holiday in Kenya after graduating from Tulsa Junior College .On a hike through the bush, he came across a young bull elephant standing with one leg raised in the air.

The elephant seemed distressed, so Joe approached it very carefully. He got down on one knee, inspected the elephant's foot, and found a large piece of wood deeply embedded in it. As carefully and as gently as he could, Joe worked the wood out with his knife, after which the elephant gingerly put down its foot.

The elephant turned to Joe, and with a rather curious look on its face, stared at him for several tense moments. Joe stood frozen, thinking of nothing else but being trampled. Eventually the elephant trumpeted loudly, turned, and walked away. Joe never forgot that elephant or the events of that day.

Thirty years later, Joe was walking through the Tulsa Zoo with his family. As they approached the elephant enclosure, one of the creatures turned and walked over to near where Joe and his family were standing. The large bull elephant stared at Joe, lifted its front foot off the ground, and then put it down. The elephant did that several times then trumpeted loudly, all the while staring at the man.

Remembering the encounter in 1972, Joe could not help wondering if this was the same elephant...Joe summoned up his courage, climbed over the railing, and made his way into the enclosure. He walked right up to the elephant and stared back in wonder. The elephant trumpeted again, wrapped its trunk around one of Joe's legs and slammed him against the railing killing him instantly.

Probably wasn't the same elephant.

If love is blind, why is lingerie so popular?

**If you don't attend the rides or events,
you have no idea what you might miss.....**

If you are cross-eyed and have dyslexia, can you read all right?

November Birthdays

6th Scott Nelson
7th Russ Christie
12th James Pepper Loveless
16th Keith Cochran
28th Harry Leach

"Always remember that you are absolutely unique. Just like everyone else."

***Birthday cake
calories don't count***

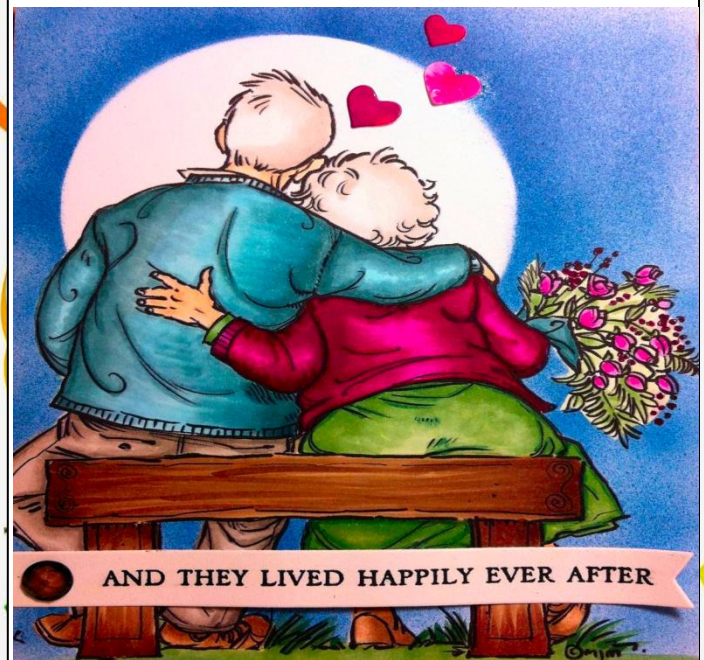

"Statistics show that those who have the
most birthdays live the longest."

November Anniversaries

Not Nary None!

"When someone is murdered, the police investigate the spouse first. That tells you everything you need to know about marriage." Katharine Hepburn

Why do you press harder on the buttons of a remote control when you know the batteries are dead?
